- **ENT Specialty doctor and senior clinical fellow,** Department of Otolaryngology – Head & Neck Surgery, Queen Alexandra Hospital, Portsmouth, United Kingdom_ from 1/8/2018 till now.

Teaching:

1. Teaching of fourth year medical students in the academic as well as clinical settings.
2. Assisting medical students in accomplishing their Assignments
3. Teaching house officers during their internship
4. Teaching, training and supervision of otorhinolaryngology residents.
5. Preparation of weekly scientific seminars.
6. Organizer in otorhinolaryngology annual conferences

Surgical skills:

- Minor Otorhinolaryngology procedures (tonsillectomy, adenoidectomy, ventilation tubes).
- Otologic procedures (tympanoplasty, ossiculoplasty, mastoidectomy).
- Urgent and elective tracheostomy.
- Nasal septal surgery (septoplasty, submucous resection).
- Turbinate surgery.
- FESS (functional endoscopic sinus surgery) basic techniques.
- FESS (functional endoscopic sinus surgery) advanced techniques (CSF rhinorrhea repair, resection of benign and malignant tumors, excision of pituitary adenoma and choanal atresia)
- Nasal, nasopharyngeal, and laryngeal & esophageal endoscopy.
- Bronchoscopy.

- Thyroid gland surgery (total and hemithyroidectomy).
- Surgery of salivary glands.
- Surgery for obstructive sleep apnea (UVPP).
- Repair of cleft palate.
- Partial laryngeal surgeries (supraglottic laryngectomy, vertical hemi laryngectomy).
- Total laryngectomy.
- Laryngopharyngoesophagectomy with reconstruction.
- Pectoralis major myocutaneous flap
- Different types of neck dissection (radical, modified radical, extended radical and selective neck dissection).
- Management of laryngeal & neck trauma.
- Management of acute airway obstruction.
- Management of tracheal tumors (tracheal resection anastomosis).
- Management of all types of surgical complications.
- Managements of all types of neck suppuration.

Conferences attended/participated:

- 26th Alexandria international combined ORL congress 2008
- 27th Alexandria international combined ORL congress 2009
- 28th Alexandria international combined ORL congress 2010
- 29th Alexandria international combined ORL congress 2012
- 30th Alexandria international combined ORL congress 2013
- 31st Alexandria international combined ORL congress 2014
- 32nd Alexandria international combined ORL congress 2015
- 29th annual scientific congress of Alexandria faculty of medicine
- 30th annual scientific congress of Alexandria faculty of medicine
- 31th annual scientific congress of Alexandria faculty of medicine
- Stem Cell Application workshop 2008.
- Seventh allergy day in Alexandria

- RhinoAlex First annual meeting 2009
- RhinoAlex Second annual meeting 2010
- RhinoAlex Third annual meeting 2011
- RhinoAlex Fourth annual meeting 2012
- Oto Alex First annual meeting 2010
- Oto Alex Society Second Scientific Super-course & Workshop 2011.
- Oto Alex 3rd annual meeting 2012
- Second meeting of the Egyptian society of skull base surgery 2009
- Third meeting of the Egyptian society of skull base surgery 2010
- Alexandria faculty of medicine 29th annual scientific congress (Future medicine): Talk on targeting of nanoparticles
- InterUniversity Diploma of Endoscopy and Surgery in Oto-rhino skull base 2011.
- The Rhinology Scientific Day. Cairo, February 2012.
- 18th Annual Conference on The Disease of The Nose & Paranasal Sinuses Cairo 2012.
- The International Federation of Head & Neck Oncological Societies (IFHNOS) Tour Cairo 2012.
- The 10th Annual Middle East Otolaryngology Conference and Exhibition. Dubai, UAE .April 2013
- Oto Alex 4th annual meeting 2013

Courses and workshops attended/participated:

- Alexandria workshop on Snoring & Obstructive Sleep Apnea Surgery 2009.
- Interactive Endoscopic Sinonasal Surgery Course 2007.
- Alexandria 10th Septorhinoplasty Course 2009.
- Alexandria 11th Septorhinoplasty Course 2010.
- Advanced Temporal Bone Dissection Course 2010.
- Basic microsurgery workshop in Zagazig university faculty of medicine microsurgery center Feb 2013.

- Advanced microsurgery workshop in Zagazig university faculty of medicine microsurgery center March 2013.
- Ear endoscopy workshop. Alexandria, Egypt. April 2013.
- Advanced Temporal Bone Dissection Course 2014.
- Alexandria workshop on Snoring & Obstructive Sleep Apnea Surgery 2015.
- Advanced Life Support 2016 (accredited from European Resuscitation Council).
- Advanced Trauma Life Support 2016 (accredited from European Resuscitation Council).
- BLA Study Day - Botulinum Toxin Injection Course (November 2017)
- Manchester Dysphagia, transnasal Oesophagoscopy (TNO), Balloon Dilatation Course (March 2018)
- Manchester Phonosurgery laryngeal Reinnervation Dissection Course (March 2018)
- The Swansea Head & Neck Ultrasound Workshop (October 2018)
- Portsmouth Transoral Surgery Laser Course (October 2018)
- Coventry temporal bone dissection course (September 2019)
- London Rhinoplasty course (November 2019)
- Manchester sinus and skull base surgery course (December 2019)

Publications:

- Histopathological and immunohistochemical characteristics of acquired cholesteatoma in children and adults. Mohammed Bassiouny , Nahed Badour, Ahmed Omran, Hani Osama (2012) (Submitted to the Egyptian Society of Ear, Nose, Throat and Allied Sciences)
- Hyoid bone chondrosarcoma with cervical nodal metastasis: A case report. Hesham Mostafa Abdel-Fattah, Hani Nasef, Geylan Abdel Shafi Fadali, Nagwa Mashali. November 2015. (Submitted to Alexandria journal of medicine)

- Prospective analysis of functional swallowing outcome after resection of T2 glottic carcinoma using transoral laser surgery and external vertical hemilaryngectomy. Hani Osama Nasef, Hossam Thabet, Cesare Piazza, Francesca Del Bon, Mohamed Eid, Manal El Banna, Piero Nicola. April 2016.
(Submitted to European Archives of Oto-rhino-laryngology)
- Optimization of the Risk-Benefit Ratio of Differentiated Thyroid Cancer Treatment. Nasef HO, Nixon IJ, Wreesmann VB. March 2018
(Submitted to European Journal of Surgical Oncology)

Conference presentations and posters:

- Histopathological and immunohistochemical characteristics of acquired cholesteatoma in children and adults. The 10th Annual Middle East Otolaryngology Conference and Exhibition. Dubai, UAE .April 2013.
- Histopathological and immunohistochemical characteristics of acquired cholesteatoma in children and adults. 32nd Alexandria international combined ORL congress 2015.
- Endoscopic choanoplasty without stenting for congenital choanal atresia repair. Hani O. Nasef*, Ahmad A. Ibrahim*, Emad A. Magdy*, Mohamed H. Hassab*(Submitted to the 18th Annual Conference on The Disease of The Nose & Paranasal Sinuses Cairo 2012)
- Endoscopic transsphenoidal approach to petrous apex cholesterol granuloma. Hani O. Nasef, Mohamed Badr-El-Dine, MD, Ahmed Aly Ibraheim, MD, Samy Elwany, MD, FACS. *(Submitted to the Rhinology Egypt Conference on The Disease of The Nose & Paranasal Sinuses Cairo 2014)

University courses:

- Preparing research project
- Conference organization

- The credit hour systems
- Effective teaching
- Research ethics
- Legal and financial aspects in university environment
