

## **Curriculum Vitae**

### **Prof. Dr. Hani Farouk El Garem**

Address: 26 Moustafa Kamel Mosque St, Moustafa Pacha.  
Alexandria, EGYPT

Date of birth: 21 September 1966

Marital Status: Married

Spoken languages: Arabic, English (excellent ), and French (excellent )

Nationality: Egyptian

Mobile phone :++201001702918

Email :hanigarem@hotmail.com

#### **Education:**

-Primary, preparatory, and secondary schools at St Marc French school 1972-1984

-Medical studies in Faculty of Medicine, University of Alexandria 1984-1990

#### **Qualifications:**

-MBBCH with excellent grades and honors from the faculty of medicine Alexandria 1990

-Master degree in otolaryngology with excellent grade 1995

-AFSA (degree of advanced scientific studies) in Otolaryngology from the University of Marseille France 1999

-Doctorate (MD) in Otorhinolaryngology Alexandria 2000

-Doctorate in science(Docteur es sciences) France 2000

#### **Medical and surgical training :**

-One year as a house officer Alexandria 1991-1992

-Three years as a resident in the ENT department Faculty of Medicine Alexandria 1992-1995

- One year as a foreign resident in the ENT department in Beaujon Hospital University of Paris France 1996-1997
- Two years as a fellow in the ENT department in Nord Hospital University of Marseille France 1997-1999.

### **Surgical specialities :**

- Otologic surgeries : cochlear implants surgery,myringoplasty ,tympanoplasty , ossiculoplasty , all types of mastoidectomies ,stapedectomy, reconstruction surgeries of middle and external ear in congenital malformations , myringotomy and ventilation tubes insertion .
- Facial nerve surgeries : facial nerve decompression ,facial nerve anastomosis and grafting.
- Endoscopic sinus surgeries
- Surgery for snoring and sleep apnea.
- Laryngeal microlaryngosurgery
- General ENT surgeries : tonsillectomy, adenoidectomy, nasal septum surgeries, nasal turbinates submucous cauterly etc...

### **Academic positions :**

- Assistant lecturer in the ENT department Faculty of Medicine Alexandria 1996-2000.
- Lecturer in the ENT department Faculty of Medicine Alexandria 2000-2005.
- Assistant professor in the ENT department Faculty of Medicine Alexandria 2005 -2011.
- Professor of ENT in the French medical school of Alexandria .
- Professor in the ENT department Faculty of Medicine Alexandria since February 2011.

### **Teaching and training activities :**

- Teaching in otology program for undergraduate students.
- Teaching of ENT program for nurses.

- Teaching of ENT program for family doctors affiliated to the ministry of health.
- Participation in training residents on otologic surgeries.
- ENT consultant for Luxor international hospital , Luxor , Upper Egypt.

### **Teaching activities abroad :**

- Yearly participation since 2003 in teaching and training students in the otology and otoneurology course organized by Prof O Sterkers ,University of Paris VII , Paris, France.
- Temporal bone dissection course and academic otology course at ENT department , Hawari hospital, Arab University for Medical Sciences ,Benghazi ,Lybia July 2009.

### **Training courses:**

- Middle ear and skull base surgery course ,Erlangen ,Germany May 1999.

### **Recent scientific publications:**

- Four channel electromyography of the facial nerve in vestibular schwannoma surgery : Sensitivity and prognostic value for short term facial function outcome  
Otology Neurotology . 2005;26 ;114-120 ,

- Ossiculoplasty with total hydroxylapatite prostheses :Anatomical and functional outcomes . Otology and neurotology 2003;24 , no 4 : 543-547

- Effect of age on the vestibular –evoked potentials (VEMP)  
Bulletin of Alexandria . 2003;39 ,no 1 :113-122 ,

- Surgical management of intratemporal lesions

Clinical Otolaryngology. 2001;26 :357-366 ,

-Conservative management versus surgery in small vestibular schwannoma

Acta Oto-Laryngologica 2006.

-Long-term functional outcome in facial nerve graft by fibrin glue in the temporal bone and cerebellopontine angle .Eur Arch Otorhinolaryngol ,2005 ;262 :404-407

-Les neurinomes de l'acoustique de petite taille : Surveillance ou traitement ? A propos de 207 cas .Neurochirurgie , 2001 ;47 , no 4 :403-412

-CSF leak prevention after translabyrinthine acoustic neuroma surgery : Comparison between different closure techniques  
Bulletin of Alexandria Faculty of Medicine.2001,37, no 3 ,391-394 .

-Otitis media with effusion in children : Chlamydia pneumoniae detection and role of interleukin-8 . Egyptian Journal of Microbiology. 2004;12:32-36.

-Utility of three dimensional fast spin-echo MR imaging in the detection of vascular loops in patients with tinnitus.The Egypt. Journal of radiology & Nuc. Med. 2003;vol 34 ,No 2 :587-596

-Minimally invasive retrosigmoid approach in the treatment of neurovascular compressions.Journal of the Indian Society of Otology . 2002;vol. 1 ,No 1 : 6-14

-Small acoustic neuroma :observation or treatment ? A review of 207 cases

-Les neurinomes de l'acoustique de petite taille : Surveillance ou traitement ? A propos de 207 cas. Neurochirurgie . 2001 ,47 , no 4 : 403-412

-Functional outcome of retrosigmoid approach in vestibular schwannoma surgery.Acta Oto-laryngologica. 2008;128:881-886

-The value of endoscopy in the surgical management of vertigo. The Mediterranean journal of otology. 2006;2(1):1-8

-The value of vestibular neurectomy in the course of bilateral Meniere's disease. The Journal of international advanced otology .2009;5(1):62-69

-Vestibular Evoked Myogenic Potential In Cases Of Vestibular Schwannomas.The Journal of international advanced otology. 2010;6(2):206-210

- Diagnostic value of auditory brainstem responses in cerebellopontine angle tumours.Acta Oto-laryngologica 2008;128:1096-1100

-Diagnosis and treatment of early endolymphatic hydrops. The Egyptian journal of otolaryngology .2010;26(1):1-4

-Fat myringoplasty: graft site and patients selection.

The Egyptian journal of ear,nose,throat and allied sciences(in press)

-CT and MRI features of the skull base glomus tumors.Bulletin of Alexandria faculty of medicine. 2006;42(2):301-308

**Congresses attended:**

-Yearly congress of the ENT department ,Alexandria University till 2014.

-Presentation at the American Academy Of Otorhinolaryngology,September 2011,Washington,USA: Effect of creatine on rat inner ear stem cells culture and Early diagnosis of endolymphatic hydrops.

Presentation at the American Academy Of Otorhinolaryngology,20-24 September 2014,Orlando ,USA : Fat myringoplasty:better graft selection for better results.

-Cochlear implant congress ,18-21 June, Munich ,Germany.

-Presentation at the 21<sup>st</sup> ENT congress of Alexandria University ,2003 ;Management of small acoustic tumors : Wait or operate.

-Presentation at the 28<sup>st</sup> ENT congress of Alexandria University ,2010: Clinical and audiological evaluation of fat myringoplasty

-Congress of the Egyptian society of ENT ,20-21 January 2004,Cairo Meridien

-Presentation at Suez Canal University ENT congress 15-16 March 2001: Microvascular decompression for hemifacial spasm

- Presentation at the ENT congress of the French ENT society 12 -14 October 2008 , Paris ,France: Evaluation of fat myringoplasty.

-Presentation at the ENT congress of the French ENT society  
28-30 October 2007, Paris ,France:

The relation between the sense of pressure in the ear and  
endolymphatic hydrops

-Presentation at the ENT congress of the French ENT society  
16-18October 2003, Paris ,France:

Four channel electromyography of the facial nerve in vestibular  
schwannoma surgery: Sensitivity and prognostic value for short  
term facial function outcome

-The international congress on Meniere's disease, 9-10 April  
1999,Paris ,France .

Presentation at the Franco-german ENT congress ,12-14 June  
,1997 ,Lille ,France:

Management of intracanalicular acoustic neuroma.

-Presentation at the Skull base surgery congress 1-4 October  
1997, Venice, Italy

Prognostic factors in intracanalicular acoustic neuroma

-Presentation at the American Academy OF  
Otorhinolaryngology ,September 2012 ,Washington ,USA:

Effect of creatine on rat inner ear stem cells culture and Early  
diagnosis of endolymphatic hydrops.

### **Participation in editing medical books :**

- Atlas of neurosurgical techniques:Brain

Jacques Magnan, Hani El Garem

Thieme medical pub ,Stuttgart ,New York 2006/8

ISBN 9780865779204

-Endoscopy in neuro-otology

Jacques Magnan , Mario Sanna

Thieme , Stuttgart ,New York 1999

ISBN 3-13-113061-X

- Pathogenesis of cholesteatoma

Jacques Magnan, Andre Chays, Michel Bruzzo, Hani El Garem, Laurent Broder

Kugler, The Hague, Netherlands 1999

ISBN 90-6299-1726

-El Garem Clear Oto-Rhino-Laryngology for Students

Prof Dr Farouk El Garem Dr Hani El Garem

2003

ISBN 14045/ 2002

- El Garem Clear Otology : The Middle Ear , A Clinical Approach

Prof Dr Farouk El Garem Dr Hani El Garem

2005

- El Garem Clear Otology : The Inner Ear , A Clinical Approach

Prof Dr Farouk El Garem Dr Hani El Garem 2006

### **Thesis supervision:**

-Evaluation of dexamethasone injection in the middle ear in cases of cochlear tinnitus

-Effect of age on the vestibular –evoked potentials (VEMP)

-Vestibular evoked myogenic potential in cases of vestibular schwannoma

-Otitis media with effusion:Chlamydia pneumoniae detection and role of interleukin-8

-Imaging strategy of temporal bone lesions

-Clinical and audiologic evaluation of fat myringoplasty.

### **Journal reviews:**

Article reviewer for the European Archives of Otorhinolaryngology.

### **Membership in national and foreign medical societies :**

-Member of the Egyptian society of Otorhinolaryngology .

-Member of the French society of Otorhinolaryngology.

-Founding member of the Egyptian society of skull base surgery.
