

Curriculum Vitae

Name: Hazem Abdel-Latif **GAAFAR**

Sex: Male

DOB: 6th April, 1942

Nationality: Egyptian.

Religion: Muslim.

Marital status: Married and has 3 children.

Address:

- Home: 8 Adly Yakan st., - Mazloun - Alexandria, Egypt.
- Office: 22 Amin Fekry st., Mahatet El-Ramleh, Alexandria, Egypt

Tel.: Home: +20 3 5851222.

Office: + 20 3 4873159

GSM: +20 12 22142154

e-mail: dr.hazemgaafar@gmail.com

Medical Qualification:

- 1964: MBBCh – Alexandria Faculty of Medicine
- 1967: Diploma of Laryngology and Otology, Faculty of Medicine, Alexandria University.
- 1969: Diploma of surgery, Alexandria Faculty of Medicine.
- 1973: M.Ch, Master of Surgery (ENT), Faculty of Medicine, Alexandria University.

Current Post:

- Emeriti Professor, ENT Department, Faculty of Medicine, Alexandria University.

Post-graduate training:

- Rotating House officer in Alexandria University Hospitals from August 1964 – August 1965.
- Resident in ENT Department, Alexandria Hospital for Health Insurance from September 1965 – June 1966.
- Resident in ENT Department, Alexandria University Hospital from July 1966 – June 1968.
- Senior house officer, Anesthesia, Pinderfield General Hospital, Wakefield, Yorkshirem, England from August 1968 – November 1968.
- Senior Registrar ENT, University College Hospital, Ibadan, Nigeria from January 1972 – October 1972. “Study leave for studying tropical diseases affecting ENT”
- Visiting lecturer, ENT, Hiroshima University School of Medicine, Japan from September 1975 – May 1976. “Study leave for training on Electron Microscopy and Microsurgery of the larynx”
- Visiting professor, Department of Otolaryngology, John-Hopkins University, USA 1993.
- Visiting professor, Pediatric Otolaryngology, the Children’s Neonatal Hospital, Chicago, USA 1997.
- Visiting professor, Department of Pediatric Otolaryngology, Cincinnati University Hospital, Cincinnati, USA, 1999.
- Visiting professor, Department of Otolaryngology-Head and Neck Surgery, University hospital of Mont-Godinne, Yvoir, Belgium, 1999.

Outline of career:

1. Academic appointments:

- Clinical Demonstrator, ENT Department, Alexandria Faculty of Medicine from December 1968 – December 1972.
- Assistant lecturer, ENT Department, Alexandria Faculty of Medicine from December 1972 – July 1973.
- Lecturer in ENT Department, Alexandria Faculty of Medicine from August 1973 – August 1978.

- Assistant Professor in ENT Department, Alexandria Faculty of Medicine from August 1978 – August 1983.
- Professor in ENT Department, Alexandria Faculty of Medicine from August 1983 – August 2002.
- Emeriti Professor from August 2002 till now.

2. Teaching responsibilities:

- Under and post-graduate teaching, Faculty of Medicine, Alexandria, since 1986.
- Under and post-graduate teaching, Phoniatic department, Faculty of Art, Alexandria from 1977 – 1984.

Prizes and Awards:

- Prof. Belal, ORL Prize 1967.
- Alexandria University Research Award, 1976.
- Alexandria University Award, 2012.

Society Membership:

- Egyptian Medical Society, Cairo.
- Egyptian Society of ORL, Cairo.
- International Bronchoesophageal Society, Chicago, USA, since 1983.
- La Societe de Broncho-oesohagologie de Langue Francaise, Paris, since 1985.
- Collegium Oto-Rhino-Laryngologicum, Amicitiae Sacrum, Active member, representing Egypt since 1986.
- IFOS Executive Board Member since 1997.

Publications:

1. **Aural myiasis by sarcophaga.** Bulletin Alexandria Faculty of Medicine, 1971;7:99.
2. **Electron microscopy of the human nasal mixed glands.** JLO 1973;87:639.
3. **Surgical treatment of facial hemispasm.** Tanta Medical Journal 1973;1:1.

4. **Stapedectomy, personal experience and review of literature.** Revue de laryngologie, Paris 1974;95:308.
5. **Human nasal sero-mucinous glands after permanent tracheostomy (electron microscopic study).** ORL 1974;36:299.
6. **Acute thyroiditis with gas formation.** JLO 1975;89:17.
7. **Retropharyngeal lipoma.** JLO 1975;84:115.
8. **Human nasal blood vessels after permanent tracheostomy. Electron microscopic study.** ORL 1975;38:35.
9. **Scanning electron-microscopy of the endolymphatic sac epithelium.** ORL 1976;38:257.
10. **Rhinoscleroma. A scanning electron microscopic study.** ORL 1976;38:350.
11. **Role of plasma cells in Rhinoscleroma, an electron microscopic study.** ORL 1977;39:1-13.
12. **Black hairy tongue. A scanning electron-microscopic study.** JLO 1977;101:91.
13. **The effect of an expectorant on the tracheal mucosa. A scanning electron-microscopic study.** ORL 1977;39:113-121.
14. **Experimental scleroma. A histopathological study.** JLO 1978;92:498.
15. **Electron-microscopic study of previously irradiated scleroma.** ORL 1979;41:51.
16. **Transmission and scanning electron-microscopic studies of rhinoscleroma.** JLO 1979;93:983.
17. **The tunica propria in rhinoscleroma. An electron microscopic study.** Acta Otolaryngol 1981;91:595. (presented at Collegium Oto-Rhino_ Laryngologicum, San Francisco, September 1980)
18. **The epithelium and chronic inflammatory cells in scleroma. An electron-microscopic study.** JLO 1981;95:1049.
19. **Benign and malignant lesions in the upper respiratory tract of mice after chronic exposure to ammonia vapor.** J Med Res Instit Alex 1981;2:257.
20. **Percutaneous direct nodal injection. A method of superficial lymphography.** Bulletin Alexandria, Faculty of Medicine. 1981;17:327.
21. **Aural polypi: A histopathological and histochemical study.** ORL 1982;44:108.

22. **Stability of the arytenoids during Woodman operation with description of a new instrument used in arytenoids surgery.** Alex Med J 1982;24:33.
23. **Ceruminous gland activity in Otomycosis. A histopathological and histochemical study.** Bullet Alex 1982;18:875.
24. **The effect of cigarette smoke on the vocal cord mucosa of the rabbit. An electron-microscopic study.** JLO 1981;95:721.
25. **The value of X-ray examination in the diagnosis of tracheobronchial foreign bodies in infants and children.** ORL 1982;44:340.
26. **Ceruminous glands in Otosclerosis. A histopathological and histochemical study.** ORL 1983;45:20.
27. **The effect of cigarette smoke on the tracheal mucosa of the rabbit.** JLO 1982;96:943.
28. **The fiberoptic bronchoscope in the diagnosis and investigation of laryngeal disorders.** Clin Otolaryngol 1983;8:103.
29. **Endoscopy of lower respiratory tract scleroma.** Endoscopy 1983;15:297.
30. **Tracheal scleroma: A contrast radiographic study.** JLO 1984;98:65.
31. **The effect of streptomycin and irradiation treatment on Rhinoscleroma: Electron-microscopic study.** JLO 1986;100:11.
32. **Nature of antibiotic resistance among clinical isolates of Klebsiella rhinoscleromatis.** Bulletin Alex Fac Med 1986;22:605.
33. **Experimental inoculation of Klebsiella rhinoscleromatis bacilli in albino mice.** ORL 1987;49:214.
34. **Flexible endoscopy and radiologic evaluation of the Eustachian tube in adults with Eustachian tube dysfunction.** Bulletin Alex Fac Med 1987;23:855.
35. **Bacitracin production by Klebsiella rhinoscleromatis and bactericidal effect of human serum on the strain.** Bulletin Alex Fac Med 1987;23:855.
36. **Skin affection in rhinoscleroma. A clinical, histological and electron-microscopic study on four patients.** Acta Otolaryngol 1988;105:494.
37. **Cytopathology in cancer larynx.** ORL 1989;51:216.
38. **Endoscopic pathology of the nasopharynx in rhinoscleroma.** Presented at the 25th Pan Arab Medical Conference, Baghdad, 1989.

39. **Lines of treatment of scleroma in Egypt.** Presented at the 2nd international FIURT meeting, Lanzarote, 1994.
40. **The vomeronasal (Jacobson's) organ in adult humans: frequency of occurrence and enzymatic study.** Acta Otolaryngol. 1998 Jun;118(3):409-12. Presented at Collegium meeting in Salzburg – Austria 1997.
41. **The effect of ammonia on olfactory epithelium and vomeronasal organ neuroepithelium of rabbits. A histological and histochemical study.** ORL J Otorhinolaryngol Relat Spec. 1998 Mar-Apr;60(2):88-91.
42. **Nasal endoscopy and CT study of Pharaonic and Roman Mummies.** Acta Otolaryngol. (Stockh) 1999;119:257-60. Presented at Collegium meeting in Denmark 1998.
43. **Experimental intravenous inoculation of Klebsiella rhinoscleromatis bacilli in albino rats: a histopathological and bacteriological study.** Acta Otolaryngol 2000;120(2):279-85. Presented in front of Collegium meeting Lyon – France 22-25 August 1999.
44. **Frontal sinus out flow tract “anatomical study”.** Acta Otolaryngol. 2001 Jan;121(2):305-9. Presented in front of Collegium annual meeting August 27 – 30, 2000, Washington.
45. **Segmental tracheal replacement in mongrel dogs.** Acta Otolaryngology (Stockholm) 2003; Vol.123(2) :283-287. Presented at Collegium annual meeting July 2002, Holland.
46. **Laryngotracheal augmentation using titanium mesh.** Acta Otolaryngology. (2008), 122, 391–396.
47. **Rhinoscleroma: An updated experience through the last 10 years.** Acta Otolaryngologica 2011;131(4):440-6. Presented at Collegium meeting in Budapest 2010.
48. **Ancient Egyptian and Roman Instruments used for endonasal brain removal during mummification.** Presented in front of Collegium ORALS 25 – 29 August 2012.

Thesis Supervised:

I) Master Degree:

1. Histopathological and histochemical study on the effect of prolonged exposure to cigarette smoke on the laryngeal and tracheal mucosa of rabbits, 1986.
2. The ossicles in chronic suppurative otitis media with cholesteatoma. 1987.
3. The effect of rhinoscleroma on the Eustachian tube. Endoscopic and audiological study, 1989.
4. Role of radiography and endoscopy in the management of adenoids. 1993.
5. Evaluation of injection of Lignocaine 2% in the middle ear through ventilation tube as a treatment of tinnitus, 1994.
6. Prospective and retrospective study on laryngeal and tracheal stenosis. 1996.
7. The Vomeronasal (Jacobson's) organ in adult humans: Frequency of occurrence and enzymatic study, 1998.
8. Experimental intravenous inoculation of *Klebsiella rhinoscleromatis* bacilli in Albino rats: A histopathological and bacteriological study, 1998.
9. Frontal sinus outflow tract. Anatomic study, 2000.
10. Segmental tracheal replacement in Mongrel dogs. 2001.

II) Doctor degree:

1. Histochemical and scanning electron microscopic studies of the human respiratory nasal and tracheal mucosa after permanent tracheostomy. 1986.
2. Study of the endoscopic, bacteriological and histopathological changes of the maxillary sinus mucosa after intranasal antrostomy in patients with chronic maxillary sinusitis. 1988.
3. *Klebsiella rhinoscleroma*. A bacteriological and electron microscopic study. 1988.
4. Evaluation of chronic maxillary sinusitis using X-ray, bacteriological analysis and sinus endoscopy. 1989.
5. Clinico-pathological evaluation of laser in the treatment of cancer larynx. 1992.
6. Lateral skull base approaches: Anatomical and clinical studies. 1996.
7. Vertigo in patients with noise induced hearing loss. Clinical and audiological study. 1996.
8. Platysmal surgery in neck rejuvenation. 1999.
