

Eng H. Ooi

Associate Professor Eng Ooi graduated from the University of Adelaide Medical School. He is a Fellow of the Royal Australasian College of Surgeons (F.R.A.C.S.) in Otolaryngology Head and Neck surgery (ENT). He did his training in Adelaide, South Australia and Darwin, Northern Territory. He is a qualified surgeon scientist having completed a PhD thesis researching the innate immunity changes in chronic rhinosinusitis.

He then undertook further subspecialization fellowship training with the University of Toronto in Rhinology, Endoscopic Skull Base, Head and Neck Surgery. This has allowed him to bring back ENT surgical skills, knowledge and research experience from Toronto to Adelaide for the benefit of his patients.

Current positions:

- Head of ENT surgery at Flinders Medical Centre ([EMC](#))
- Program director for the Flinders Rhinology fellowship, an international fellowship training ENT surgeons advanced endoscopic sinus and skull base surgery
